The undersigned confirms to be engaged by Connected.ART as a third party to secure the ownerships of the Company's customers in all situations.

The escrow database and digital vault can only be accessed by the undersigned (and approved personnel), and in the event of bankruptcy or other circumstances where Connected.ART AS is unable to follow up on its obligations under their respective agreements, I personally have the right and duty to contact and transfer the art to the owners in accordance to the register of ownership.

Owners who may not be registered but who can document their ownership will also be able to receive the art in such a case.

Questions related to the engagement can be directed to [henning@ratios.no](mailto:henning@ratios.no)
